Safety Guidelines and Procedures

The National Radial Engine Exhibition and Angel Light Pyrotechnics, LLC (further referred to as NREE and ALP) are grateful to have you join us for the **2009 Radial Engine Exhibition**. You will be involved in one of the most intense WWII re-enactments in the world.

In order to make this a fun, memorable and most of all, a safe event, we have some guidelines that must be adhered to. There will be live pyrotechnics and special effects all around, these safety guidelines and procedures must be followed:

1. ALP will be the final word on all safety issues and concerns.
 - a. You must follow the direction of Angel Light Pyrotechnics.
2. The event sponsor is the NREE. You must agree to follow their event and adhere to their rules and guidelines.
 - a. There are designated areas for parking, camping, display, etc.
3. You must also be flexible to the schedule of NREE when/if the event details change.
4. During the WWII demonstration, you must remain alert at all times and be careful to stay within the agreed boundaries. Always stand outside the chalked boundaries.
5. Any Pyrotechnician has the authority to give direction and safety directives. You must follow their directions immediately. Your safety depends on this.
6. No smoking with-in 100 ft of pyrotechnic field.
7. You cannot be under the influence of any substances.
